OJJ Veterans Honored

Sunday was the official holiday, and yesterday we observed Veterans Day. Although it was a holiday for some OJJ staff, those who serve in our secure facilities worked with our youth on the day on which we honor our nation's most unselfish citizens.

Veterans Day is a day on which we should all pause and thank those who have served in our armed forces, as well as those who are currently serving. We should remember that there are still many American men and women serving abroad. Some are in the Afghanistan war zone, and others serve around the world maintaining America's security. "If you have family or if you know people who have family members in the service, please keep in touch with the soldiers who are serving," Dr. Livers said.

"And of course, please find an opportunity to let our OJJ staff who are veterans know that the sacrifices they made while serving our country are appreciated and honored," Dr. Livers continued. "It's never too late to thank the veterans you know for their service. The list below shows that we have veterans in every office and facility throughout our agency. That does not surprise me. OJJ staff are proud public servants and it comes as no surprise to see how many began their lives of service in the armed forces. Let's not forget that many of our staff are reservists who continue to serve."
