Page 4

- D. The agency shall issue an approved handgun to each commissioned officer / special agent / commissioned special officer.
- E. An officer shall not carry a firearm in the performance of his duties until he is properly qualified and familiarized with YS policies regarding firearms. The "Firearms Orientation and Training" document [see Attachment C.1.8 (h)] contains the course of instruction—which must be taught to an officer prior to issuing a handgun.

An officer may only carry a firearm he has used to qualify, defined by model and serial number. Firearms shall be issued to each officer by the certified Regional Office Armorer.

Once qualified to carry a firearm, each officer must re-qualify annually with the firearm he is authorized to carry. Officers who fail to re-qualify within twelve (12) months from the date of the previous qualification must complete the eight (8) hour pre-academy classroom training and shoot a minimum of four POST courses with a passing average score of eighty percent (80%), and shall not be allowed to carry a firearm in the performance of his duties until requalification is accomplished.

A Commissioned Officer/Special Agent who has failed to qualify within twelve (12) months and fails to receive a passing score after completing the mandatory training, may be terminated based on an inability to perform the essential functions of the job, pursuant to YS Policy No. A.2.19.

- G. Every officer is required to be re-qualified annually on the POST Handgun Qualification Course by a Louisiana POST Certified State Firearms Instructor, and to recertify in PPCT Defensive Tactics according to POST guidelines. If an officer fails to re-quality, the procedures outlined herein and in YS Policy No. A.2.19, Section VI shall be adhered to.

In addition to re-qualifying on the firing range, each officer shall receive eight (8) hours of classroom training, including but not limited to:

If the officer fails to cure the deficiency within the 90-day probationary period his/her POST certification shall subsequently become invalid.

Designated training coordinators will be required to manage the in-service training information of the agency's officers throughout the year. The designated training coordinators will be required to use the Learning

Management System (LMS) at <http://training.lcle.la.gov/> to schedule and document the on-line and instructor-led training. (The PC-16 and PC-17 forms were discontinued after January 1, 2014, and are therefore no longer accepted.)
