PREFACE

The Prison Rape Elimination Act (PREA) is a United States federal law passed in 2003, which established standards directing the prevention, detection and response of sexual assault incidents of inmates and residents. PREA established a set of standards that protects the Eighth Amendment Right (constitutional right against cruel and unusual punishment) of inmates and residents in confinement settings.

The Office of Juvenile Justice (OJJ) has a zero tolerance towards all forms of sexual abuse and sexual harassment and takes all reports of sexual misconduct seriously.

In compliance with PREA Standard §115.389 regarding publication of aggregated sexual abuse data, OJJ reports sexual abuse incidents as required in the Department of Justice's Survey of Sexual Victimization Summary.

The information provided in this report is a review of sexual abuse and sexual harassment allegations made in the prior three years (2022, 2021, and 2020) and includes corrective action(s) taken by the Agency to reduce sexual misconduct. The data was obtained from the Office of Juvenile Justice's secure and contract facilities in accordance with the sexual abuse and sexual harassment definitions contained in the juvenile PREA standards. OJJ reviews sexual abuse and sexual harassment data to determine trends, patterns, and possible causes of sexual assault incidents occurring in its facilities to advance the Agency's efforts to prevent, detect, and respond to all forms of sexual misconduct.

All personal identifiable information, including name, gender, and age has been redacted from this report, in an effort to protect the identity of youths in the custody of the Office of Juvenile Justice and to reduce any potential security and safety risks. This report was prepared by the PREA Coordinator, reviewed by the Chief of Operations, and approved by the Deputy Secretary.

BCCY-WF	0	N/A	N/A
SCY-M	2	1	5
SCY-C	0	2	1
ACY	0	4	3
ACY-SM	2	0	N/A
Total Number	5	8	11

- It should be noted that 11.0% of the SA/SH reported during 2022 were pending outcomes at the time of this report.
- In 2022, the Agency experienced a 37.5% decrease in the number of staff on youth related SA/SH incidents when compared to the previous year.
- With the exception of BCCY, SCY-M, and ACY-SM, all of the secure facilities experienced a decrease in the number of staff on youth SA/SH related incidents from the previous year.
- In 2022, a total of 5 staff on youth SA/SH were reported: 0 substantiated, 1 unsubstantiated, 0 unfounded and 4 pending.
- ACY-SM opened its campus to youth in 2021.

- BCCY-WF opened its doors in 2022, and there have been no reported staff on youth incidents.

Chart below represents the number of **youth on youth SA/SH** related incidents reported in the secure facilities and the outcome of the investigations.

Secure Facility	2022	2021	2020

Overall Data Review

- Overall, the Agency experienced an average of 36 allegations of SA/SH reports each year within its secure facilities over the last three years.
- SCY-C experienced a decrease in the number of reported SA/SH allegations, while ACY and ACY-SM experienced a slight increase in the total number of SA/SH allegations reported during 2022 when compared to the 2021.
- The 2022 month-to-month comparison indicates the months of January, May, and June experienced a decrease in the number of SA/SH allegations.

- There was a total of 24 SA/SH related incidents reported by the residential contract providers in 2022, 13 in 2021 and 25 in 2020. Overall, there was a 32.4% decrease in 2021 compared to the previous year.

Summary

OJJ understands that PREA implementation is an agency-wide initiative; therefore, efforts are made to enhance PREA implementation in its secure and residential contract facilities. Below are several of the actions OJJ took during 2022 to enhance the prevention, detection and response to sexual abuse and sexual harassment incidents in its facilities.

- OJJ continues to require all new staff to attend and successfully complete a comprehensive PREA training. In addition, all staff receive PREA refresher training on an annual basis. This same curriculum is offered to OJJ’s residential contract providers to improve their staffs’ understanding of PREA and to maintain compliance with juvenile PREA standard §115.331.
- Cross gender and transgender pat search training is provided to all direct care and field services staff who may have contact with youth in accordance with juvenile PREA standard §115.315.
- The PREA Field Database is used throughout the Regional Offices by PREA Field Investigators to track sexual abuse and sexual harassment allegations within residential facilities.
- Enhanced video monitoring technology in secure facilities.

Because OJJ appreciates the magnitude of sexual safety within its facilities, the agency will continue its efforts to improve sexual safety throughout all of its facilities. Some of these actions may include the following:

- Full review of the Agency's staffing plan for all facilities to identify patterns or trends in incidents of sexual abuse.
- Enhance data reporting to reflect a separation of sexual abuse and sexual harassment incidents.
- Improve the Agency PREA Compliance database for use by secure facilities to allow collection of routine data entry to monitor compliance.

The agency took the following corrective action measures to improve PREA compliance related issues:

- Training was held for new PREA Field Investigators to replenish the pool of those trained to assist residential facilities in the investigating of SA/SH allegations.
- Training was held with other outside agency staff assisting within OJJ secure care facilities.

In accordance with PREA standard §115.388, a comparison was made between years 2022, 2021 and 2020 for the secure and non-secure contract facilities. Data reflects an overall decrease in SA/SH related incidents. It should be noted that due to the Coronavirus Pandemic, OJJ reduced the number of youth serviced in its secure and residential facilities. In compliance with juvenile PREA standard §115.388, OJJ will make this information available to the public on its website, by the posting of this report.
