OTS END USER COMPUTING SERVICE DESK INTRODUCTION

WHAT IS THE SERVICE DESK?

The EUC Service Desk will function as the central point of contact for employees to report any IT issues or request IT services. This is the primary way for customers to reach IT personnel responsible for all state computer systems (i.e. networks, mainframes, databases, and state web applications) and IT equipment (i.e. computers, printers, servers, routers, and switches).

WHAT IS THE SERVICE MANAGEMENT TICKET SYSTEM?

The Service Management System is used to track work requests, hours spent, resolutions and other documentation, as well as aid in managing staff workloads, resource allocation and overall service performance. The EUC Service Desk will document, track, and maintain records about all reported incidents and requested services.

Click here to review the instructions for using the online portal to submit a ticket:
