The parent agency for BCCY is the Louisiana Office of Juvenile Justice (OJJ). BCCY is located at 3225 River Road, Bridge City, Louisiana 70094. The audit was conducted by Robert B. Latham from Birmingham, Alabama, who is a U. S. Department of Justice Certified PREA auditor for adult and juvenile facilities. The auditor conducted the audit with one support staff, David Eakin, Ph.D. The facility contacted the auditor regarding the audit and a contract was agreed upon December 4, 2020. There are no known existing conflicts of interest or barriers to completing the audit. The facility was last audited August 18, 2018 with 100% compliance with the PREA Juvenile Standards.

NOTICE OF AUDIT POSTING AND TIMELINE
The audit notices, in English and Spanish, were posted January 4, 2021. The audit notices were printed in color, using a large font and easy-to-read language, on bright yellow paper. The audit notices were placed throughout the facility, in places visible to all residents and staff, including visiting areas, housing units, and recreational spaces. Pictures of the posted audit notices were emailed to the auditor on January 4, 2021 for verification. Further verification of their placement was made through observations during the onsite review. The audit notices included a statement regarding confidentiality of resident and staff correspondence with the auditor. No correspondence was received during any phase of the audit.

**Site review**
The auditor had access to, and observed, all areas of the facility. The auditor was provided a diagram of the physical plant during the pre-onsite phase of the audit and was thus familiar with the layout of the facility. The facility has eight (8) open bay housing units with up to twelve (12) beds each. The facility has 29 buildings in total. In addition to the housing units, there is an administration building with offices for administrative and support staff, a chapel, a school, kitchen with dining facilities, training area, a secured building that houses the control center with additional offices, and a medical unit with an infirmary. The gymnasium and pavilion area is used for recreation, visitation, and special programs. One the first day of the onsite audit the population of the facility was forty-eight (48) juveniles.

**Processes and areas observed**
No residents were admitted during the onsite phase of the audit. The PREA Compliance Manager explained the intake, screening and resident PREA education processes. All resident records were organized in large folders and secured in locked cabinets inside a locked file room. Grievance boxes are located at the entrance to each housing unit. Grievance forms and writing utensils are available. The boxes are checked daily.
Phones for reporting sexual abuse, sexual harassment or for contacting external crisis intervention services are available in each housing unit. The staff conducting the site review described the showering process, pointed out the location of the cameras and PREA posters with telephone numbers for reporting sexual abuse and sexual harassment. The PREA posters are prominently placed in the housing areas and common areas.

Specific area observations
Wherever residents were present, the auditor observed officers actively supervising the residents. Cameras are located throughout the facility.

Interviews
Interviews were held in a reserved visitation room. The location provided privacy and was centrally located to minimize disruption of daily activities and programming. Specialized staff were selected based on their respective duties in the facility. Twelve (12) staff, randomly selected from every shift, were interviewed using the random staff interview protocol. Auditor Note: In general, no standards should be found to be “Not Applicable” or “NA.” A compliance determination must be made for each standard. In rare instances where an auditor determines that a standard is not applicable, the auditor should select “Meets Standard” and include a comprehensive discussion as to why the standard is not applicable to the facility being audited.

| Number of standards exceeded: | 0 |
| Number of standards met: | 43 |
| Number of standards not met: | 0 |

Standards Exceeded: None

Standards Not Met: None

Findings (By Provision):
115.313 (a)
PAQ: Since the 2018 PREA audit:
The average daily number of residents: 56
The average daily number of residents on which the staffing plan was predicated: 48

Policy states each facility shall develop, implement, and document a staffing plan that provides for adequate level of staffing, and where applicable, video monitoring, to protect youth against all forms of abuse. In calculating adequate staffing levels and determining the need for video monitoring, facilities shall take into consideration the following:
1. Generally accepted juvenile detention and correctional secure residential practices;
2. Any judicial findings of inadequacy;
3. Any findings of inadequacy from Federal investigative agencies;
4. Any findings of inadequacy from internal or external oversight bodies;
5. All components of the facility’s physical plant (including “blind spots” or areas where staff or youth may be isolated);
6. The composition of the youth population;
7. The number and placement of supervisory staff;
8. Facility programs occurring on a particular shift;
9. Any applicable State or local laws, regulations, or standards;
10. The prevalence of substantiated and unsubstantiated incident of sexual abuse;
11. Any other relevant factors.

BCCY did not have a PREA compliant staffing plan. The agency completed a staffing plan and emailed it to the auditor September 10, 2021. The auditor reviewed the staffing plan and found it to be compliant with the standard provisions.

115.313 (b)
PAQ: Each time the staffing plan is not complied with, the facility documents and justifies all deviations from the staffing plan.

Policy states each facility shall comply with the staffing plan except during limited and discrete exigent circumstances and shall fully document deviations from the plan during such circumstances.
The Facility Director confirmed there was one (1) circumstance in which the facility was unable to meet the requirements of the staffing plan. The auditor reviewed the documented deviation for verification. The facility documents all instances of non-compliance with the staffing plan and includes an explanation for non-compliance.
115.313 (c)
PAQ: The facility is obligated by law, regulation, or judicial consent decree to maintain staffing ratios of a minimum of 1:8 during resident waking hours and 1:16 during resident sleeping hours. The facility maintains staff ratios of a minimum of 1:8 during resident waking hours. The facility maintains staff ratios of a minimum of 1:16 during resident sleeping hours.

In the past 12 months:
The number of times the facility deviated from the staffing ratios of 1:8 security staff during resident waking hours: One (1)
The number of times the facility deviated from the staffing ratios of 1:16 security staff during resident sleeping hours: Zero (0)

The Facility Director confirmed the facility maintains staffing ratios of 1:8 during waking hours and 1:12 during sleeping hours. He confirmed the facility uses video monitoring, shift coverage logs, hold overs, and on-call rosters to ensure the facility maintains appropriate staffing ratios.

PREA Site Review:
During the onsite tour of the facility the auditor observed the classrooms and living units were compliant with required staffing ratios.

115.313 (d)
PAQ: At least once every year the agency or facility, in collaboration with the PREA Coordinator, reviews the staffing plan to see whether adjustments are needed to:
1. The staffing plan;
2. Prevailing staffing patterns;
3. The deployment of monitoring technology; or
4. The allocation of agency or facility resources to commit to the staffing plan to ensure compliance with the staffing plan.

Policy requires that at least once per year, the agency in consultation with the PREA coordinator, shall assess, determine, and document whether adjustments are necessary to the staffing plans and deployment of video monitoring and other monitoring systems for its secure care facilities.

Steps taken to address any identified necessary adjustment to staffing patterns and deployment of monitoring systems shall be documented by the PREA Coordinator and affected facility PREA Compliance Manager for review by the U.S. DOJ.

The PREA Coordinator confirmed she is part of the team that meets regarding assessments of, or adjustments to, the staffing plan for BCCY. She confirmed the plan is assessed at least annually and documented with the Annual Facility Staffing Assessment.

The auditor reviewed staffing assessments for 2018, 2019, and 2020 for verification they are inclusive of the standard provision requirements.

115.313 (e)
PAQ: The facility requires that intermediate-level or higher-level staff conduct unannounced rounds to identify and deter staff sexual abuse and sexual harassment. The facility documents unannounced rounds. The unannounced rounds cover all shifts. The facility prohibits staff from alerting other staff of the conduct of such rounds.

YS Policy and facility Standard Operating Procedures (SOPs) shall implement practices requiring intermediate or higher level supervisors to conduct and document unannounced rounds on all shifts to identify and deter sexual abuse and sexual harassment, pursuant to YS Policy No. C.2.19.

YS Policy and Facility SOPs shall prohibit staff from alerting other staff of the occurrence of supervisory rounds unless it is related to legitimate operational functions. Any unusual events or observations made during the performance of an unannounced round must be documented on an Unusual Occurrence Report as indicated in YS Policy No. A.1.14 “Unusual Occurrence Report”.

An interview with a shift supervisor confirmed she conducts unannounced rounds. They are conducted on all shifts and she stated she does not announce the rounds are occurring and enters through the back door. She documents the rounds on the Supervisory Monitoring Form.

The auditor reviewed documentation showing that unannounced rounds are occurring as required by policy. The facility records the unannounced rounds on the Supervisory Monitoring Form.

Conclusion:
Based upon the review and analysis of the available evidence, the auditor has determined the facility is fully compliant with this standard regarding supervision and monitoring. Corrective action is complete.

Corrective Action - 115.313 (a)
BCCY did not have a PREA compliant staffing plan. The agency completed a staffing plan and emailed it to the auditor.
September 10, 2021. The auditor reviewed the staffing plan and found it to be compliant with the standard provisions.

Staff interviews confirmed they are aware policy prohibits them from conducting a physical examination or search of transgender or intersex resident solely for the purpose of determining the resident’s genital status.

115.315 (f)
The percent of all security staff who received training on conducting cross-gender pat-down searches and searches of transgender and intersex residents in a professional and respectful manner, consistent with security needs: 100%

Staff interviewed confirmed they have received training on how to conduct cross-gender pat down searches and searches of transgender residents in a professional and respectful manner, consistent with security needs. Training is accomplished using the Guidance in Cross-Gender and Transgender Pat Searches Training Curriculum.

The auditor reviewed the Guidance in Cross-Gender and Transgender Pat Searches Training Curriculum and Transgender and Intersex Search Staff Training Logs for verification the training is provided.

The agency or facility documents the limited circumstances in individual cases where resident interpreters, readers, or other types of resident assistants are used.

In the past 12 months, the number of instances where resident interpreters, readers, or other types of resident assistants have been used and it was not the case that an extended delay in obtaining another interpreter could compromise the resident's safety, the performance of first-response duties under § 115.364, or the investigation of the resident's allegations: Zero (0)
Policy states youth interpreters, readers or assistants shall not be relied upon except where an extended delay in obtaining an effective interpreter could compromise a youth's safety, the performance of first-responder duties under US DOJ PREA Standard 115.364, or the investigation of the youth's allegations.

There were no residents in need of an interpreter during the onsite phase of the audit. Staff interviews confirmed no resident interpreters, resident readers, or other types of resident assistants have been used in relation to allegations of sexual abuse or sexual harassment in the 12 months preceding the audit.

**Conclusion:**

**Site Review Observations:**
Observations during on-site review of physical plant

**Findings (By Provision):**

**115.321 (a)**

PAQ: The facility is responsible for conducting administrative or criminal sexual abuse investigations (including resident-on-resident sexual abuse or staff sexual misconduct).

The OJJ Department of Investigative Services (IS) is responsible for administrative and criminal investigations of allegations of sexual abuse.

Staff interviews confirmed they are knowledgeable of the agency’s protocol for obtaining usable physical evidence if a resident alleges sexual abuse. They were also knowledgeable that the OJJ Department of Investigative Services (IS) is responsible for conducting sexual abuse investigations.

**115.321 (b)**

PAQ: The protocol is developmentally appropriate for youth.

Policy states investigative Services (IS) shall follow a uniform evidence protocol that maximizes the potential for obtaining usable physical evidence for administrative proceedings and criminal prosecutions, pursuant to YS Policy Nos. A.1.4 and C.4.6.

The protocol shall be developmentally appropriate for youth and as appropriate, shall be adapted from or otherwise based on the most recent edition of the U.S. DOJ’s Office on Violence Against Women publication, “A National Protocol for Sexual Assault Medical Forensic Examinations, Adults/Adolescents,” or similarly comprehensive and authoritative protocols developed after 2011.

**115.321 (c)**

PAQ: The facility offers all residents who experience sexual abuse access to forensic medical examinations. Forensic medical examinations are offered without financial cost to the victim. Where possible, examinations are conducted by Sexual Assault Forensic Examiners (SAFEs) or Sexual Assault Nurse Examiners (SANEs). When SANEs or SAFEs are not available, a qualified medical practitioner performs forensic medical examinations.

During the past 12 months:
- The number of forensic medical exams conducted: Zero (0)
- The number of exams performed by SANEs/SAFEs: Zero (0)
- The number of exams performed by a qualified medical practitioner: Zero (0)
Policy states youth who experience sexual abuse shall have access to forensic medical examinations, without financial cost where evidentiary or medically appropriate. Such examinations shall be performed by Sexual Assault Forensic Examiners (SAFEs) or Sexual Assault Nurse Examiners (SANEs) where possible.

If SAFEs or SANEs cannot be made available, the examination can be performed by other qualified medical practitioners. The CHP shall document its efforts to provide SAFEs or SANEs and forward that documentation to the youth's Case Manager for entry into JETS.

Forensic examinations are performed by a SANE at the Children's Hospital New Orleans Audrey Hepburn Children at Risk Evaluation (CARE) Center for victims from birth to 17 years of age. The CARE Center is a comprehensive child abuse center providing state-of-the-art pediatric forensic medicine evaluations in a home-like cottage near Audubon Park. Beyond providing clinical excellence in child abuse forensic medicine, the CARE Center is active in treatment, consultation, prevention, training, education, and research.

Male adult sexual assault victims 18 and older are examined at University Medical Center New Orleans. The University Medical Center New Orleans provides 24/7 Forensic Services including specially trained forensic nurses. A multi-disciplinary team approach is involved in the examination of physical trauma after a sexual assault. The forensic nurse will provide one-on-one patient care for forensic medical examinations which may include:

- Permission to participate in the examination
- Patient advocate
- Forensic evidence collection
- Forensic photography
- HIV/STD Testing & prevention medications
- Laboratory Testing
- Pregnancy Prevention Options
- Clothing & toiletries provided after a shower
- Referrals for follow-up services
- A safety plan

115.321 (d)
PAQ: The facility makes a victim advocate from a rape crisis center available to the victim, in person or by other means. These efforts are documented. If and when a rape crisis center is not available to provide victim advocate services, the facility provides a qualified staff member from a community-based organization or a qualified agency staff member.

Policy states every attempt shall be made to make a victim advocate from a rape crisis center available to the victim. If a rape crisis center is not available to provide victim advocate services, a qualified staff member from a community-based organization or a qualified Agency staff member shall be made available to provide these services.

Efforts to secure services from rape crisis centers shall be documented by the CHP. A rape crisis center that is part of a governmental unit may be utilized as long as the center is not part of the criminal justice system (such as a law enforcement Agency) and offers a comparable level of confidentiality as a nongovernmental entity that provides similar victim services. Documented efforts shall be forwarded by the CHP to the youth’s Case Manager for entry into JETS.

BCCY has a MOU with the Metropolitan Center for Women and Children for qualified victim advocacy services. The Metropolitan Center for Women and Children is one of 11 Louisiana Foundation Against Sexual Assault (LaFASA) accredited sexual assault centers. LaFASA strives to ensure that survivors of sexual violence across Louisiana provide the highest quality care. To guarantee this, LaFASA provides training and assistance to their 11 partner sexual assault centers and other allied professionals (law enforcement, medical personnel, corrections staff, etc.) to make sure that they have the tools to treat survivors using trauma-informed best practices.

Findings (By Provision):

115.352 (a)
PAQ: The agency has an administrative procedure for dealing with resident grievances regarding sexual abuse.

OJJ has administrative procedures to address resident grievances regarding sexual abuse: YS Policy B.5.3 Administrative Remedy Procedure.

115.352 (b)
PAQ: Agency policy or procedure allows a resident to submit a grievance regarding an allegation of sexual abuse at any time regardless of when the incident is alleged to have occurred. Agency policy does not require a resident to use an informal grievance process, or otherwise to attempt to resolve with staff, an alleged incident of sexual abuse.

Policy states pursuant to YS Policy No. B.5.3, the Administrative Remedy Procedure (ARP) shall not contain a time limit on when a youth may submit a grievance regarding an allegation of sexual abuse. The Agency may apply otherwise-applicable time limits on any portion of a grievance that does not allege an incident of sexual abuse. A youth shall not be required to use any informal grievance process, or to otherwise attempt to resolve with staff, an alleged incident of sexual abuse. The provisions of subparagraphs (1) and (2) do not restrict the Agency’s ability to defend against a lawsuit filed by a youth on the ground that the applicable statute of limitations has expired.

Residents are given the Administrative Remedy Procedure (ARP): How to Complain About Your Problem Handout explaining the ARP process.

115.352 (c)
PAQ: The agency's policy and procedure allow a resident to submit a grievance alleging sexual abuse without submitting it to the staff member who is the subject of the complaint.

The number of grievances alleging sexual abuse that reached final decision within 90 days after being filed: N/A
The number of grievances alleging sexual abuse that involved extensions because final decision was not reached within 90 days: N/A
Policy states the ARP shall require a final Agency decision on the merits of any portion of a grievance alleging sexual abuse be issued within 90 days of the initial filing of the grievance. Computation of the 90-day time period shall not include time used by the youth in preparing any administrative appeal. Pursuant to B.5.3, the ARP may provide for a request for an extension of time by the Facility Director to respond in Step One with the approval of the Deputy Secretary if the normal time period for response is insufficient to make an appropriate decision. The Facility Director shall notify the youth in writing of any such extension and provide a date by which a decision will be made. At any level of the administrative process, including the final level, if the youth does not receive a response within the time allotted for reply, including any properly noticed extension, the youth may consider the absence of a response to be a denial at that level.

If the youth declines to have the request processed on his or her behalf, the Agency shall document the youth’s decision. If an attorney files an ARP on behalf of the youth, a letter of representation shall be required. A parent or legal guardian of a juvenile shall be allowed to file a grievance regarding allegations of sexual abuse, including appeals, on behalf of such juvenile. ### Auditor Discussion

The following evidence was analyzed in making the compliance determination:

#### Documents:
1. BCCY Pre-Audit Questionnaire
2. YS Policy C.2.11 Prison Rape Elimination Act (PREA)

Staff interviewed stated they would make sure the victim and abuser were separated and safe. They would request the victim and ensure the perpetrator did not destroy any physical evidence. They stated they would protect the crime scene. They reported the victim would be taken to the medical department for assessment.

#### 115.364 (b)

**PAQ:** The agencies policy requires that if the first staff responder is not a security staff member, that responder shall be required to:

### Agency protection against retaliation

| Auditor Overall Determination: | Meets Standard |

#### Auditor Discussion

The following evidence was analyzed in making the compliance determination:

**Documents:**
1. BCCY Pre-Audit Questionnaire
2. IS 3.22 PREA Investigations Standard Overview
3. YS A.1.4 Investigative Services
4. YS B.2.2 Youth Classification System and Treatment Procedures
5. YS Policy C.2.11 Prison Rape Elimination Act (PREA)
7. Investigative Services Protection Against Retaliation Form for Reporters of Sexual Abuse
8. Jefferson Parish Coroner Sexual Assault Pamphlet

**Interviews:**
1. Agency Head
2. Superintendent or Designee
3. Designated Staff Member Charged with Monitoring Retaliation
4. Residents who Reported a Sexual Abuse - none present

**Findings (By Provision):**

#### 115.367 (a)

PAQ: The agency has a policy to protect all residents and staff who report sexual abuse or sexual harassment or cooperate with sexual abuse or sexual harassment investigations from retaliation by other residents or staff.

Policy states youth and staff who report sexual abuse or sexual harassment or cooperate with sexual abuse or sexual harassment investigations shall be protected from retaliation by other youth or staff.

The interview with the BCCY Lead Investigator confirmed Investigative Services is charged with monitoring for retaliation.

#### 115.367 (b)

Policy states multiple protection measures shall be employed, such as housing changes or transfers for youth victims or abusers, removal of alleged staff or youth abusers from contact with victims, and emotional support services for youth or staff that fear retaliation for reporting sexual abuse or sexual harassment or for cooperating with investigations.

The Deputy Secretary confirmed the facility would protect residents and staff from retaliation for sexual abuse and sexual harassment allegations. Alleged abusers are separated from the alleged victim. In most cases, if staff is the alleged perpetrator, they receive a "removal from contact" order and that staff is reassigned to a position that does not allow for contact with youth (Front Gate or investigative leave), until the investigation is completed. Housing changes or even facility changes may have to occur, depending on the situation. There are emotional support services available for both staff and youth who fear retaliation.

#### 115.367 (c)

PAQ: The agency and/or facility monitors the conduct or treatment of residents or staff who reported sexual abuse and of residents who were reported to have suffered sexual abuse to see if there are any changes that may suggest possible retaliation by residents or staff.

The length of time that the agency and/or facility monitors the conduct or treatment: 90 days

The agency/facility acts promptly to remedy any such retaliation. The agency/facility continues such monitoring beyond 90 days if the initial monitoring indicates a continuing need. The number of times an incident of retaliation occurred in the past 12 months: Zero (0)

Policy states for at least 90 days following a report of sexual abuse, the Agency shall monitor the conduct or treatment of youth or staff who reported the sexual abuse, and of youth who were reported to have suffered sexual abuse to see if there are changes that may suggest possible retaliation by youth or staff and shall act promptly to remedy any such retaliation. Monitoring by IS shall include:
1. Review of UORs;
2. Youth violation reports;
3. Housing or Program changes of relevant youth;
4. Negative performance reviews or reassignments of pertinent staff; and
5. Periodic status checks of youth; and
6. Follow up discussions with youth reports and victims of sexual assault, staff reporters, housing unit and treatment staff.

Monitoring shall be documented in the IS case file by completing the Protection Against Retaliation Form for the appropriate staff/youth for each PREA related incident, pursuant to established procedures in YS Policy No. A.1.4, Investigative Services Handbook. The Agency shall continue such monitoring beyond 90 days if the initial monitoring indicates a continuing need.

The BCCY Lead Investigator explained the role he plays in preventing retaliation against residents and staff who report sexual abuse or sexual harassment, or against those who cooperate with sexual abuse or sexual harassment investigations. Investigative services, at the SART meeting would ensure that the youth involved in a youth-on-youth incident would be separated. If a staff is alleged to have been involved IS would request removal from contact with youth. If a staff or youth has reported sexual abuse, they are advised in the initial interview that they are to notify IS of any retaliation against them. Youth are also asked if they have been separated from the other youth involved. The youth are also asked if they have been referred to Mental Health. The Facility Director stated if retaliation is suspected the facility would remove a targeted youth, change his dorm/facility assignment as needed and notify IS and the PREA Compliance Manager.

The auditor reviewed Protection Against Retaliation Forms. The forms and interviews with the PREA Coordinator and PREA Compliance Manager revealed retaliation was not monitored for the 90 days as required by the standard.

This standard provision was addressed through corrective action. The agency developed a system to monitor retaliation according to the standard requirements.

115.367 (d)
Policy states monitoring by IS shall include the Investigator confirmed he would use the PREA Protection Against Retaliation form for periodic status checks of youth.

115.367 (e)
Policy states if any other individual who cooperates with an investigation expresses a fear of retaliation, the Agency shall take appropriate measures to protect that individual against retaliation.

The Deputy Secretary confirmed the facility would protect residents and staff from retaliation for sexual abuse and sexual harassment allegations. Alleged abusers are separated from the alleged victim. In most cases, if staff is the alleged perpetrator, they receive a "removal from contact" order and that staff is reassigned to a position that does not allow for contact with youth (Front Gate or investigative leave), until the investigation is completed. Housing changes or even facility changes may have to occur, depending on the situation. There are emotional support services available for both staff and youth who fear retaliation.

115.367 (f)
Policy states the Agency’s obligation to monitor shall terminate if IS determines that the allegation is unfounded.

The auditor reviewed OJJ policy and confirmed the facility follows this standard provision.

Conclusion:
Based upon the review and analysis of the available evidence, the auditor has determined the facility is fully compliant with this standard regarding agency protection against retaliation. Corrective action is complete.

115.367 (c) - Corrective Action
Retaliation was not monitored for the 90 days as required by the standard. This standard provision was addressed through corrective action. The agency developed a system to monitor retaliation according to the standard requirements. Staff at BCCY have a spreadsheet to assist in tracking PREA cases and their completion dates. To assist in the monitoring of retaliation, the spreadsheet now includes a column to include deadline notices to the investigators when the monitoring notifications are due. Using the date of completion for each PREA case, the new column will reflect a date 90 days from the completion date. Investigators will receive weekly reminders during the 90 day timeframe that a monitoring notification is due. Once the monitoring notifications are completed, they will be placed in the case files. The spreadsheet will then reflect the actual date the notification was completed.

5. Residents who Reported a Sexual Abuse – none present

**Findings (By Provision):**

**115.371 (a)**
PAQ: The agency/facility has a policy related to criminal and administrative agency investigations. The PAQ indicates DYS uses the term internal inquiry in policy instead of investigation.

Policy states IS conducted investigations into allegations of sexual abuse and sexual harassment shall be done promptly, thoroughly, and objectively for all allegations, including third-party and anonymous reports pursuant to YS Policy No. A.1.4.

The BCCY Lead Investigator confirmed allegations of sexual abuse and sexual harassment are initiated Upon notification of the incident an investigation is initiated. Anonymous or third-party reports of sexual abuse and sexual harassment are conducted in the same manner as all investigations.

The auditor reviewed investigative reports for seventeen (17) allegations of sexual abuse and sexual harassment.

**115.371 (b)**
Policy states investigators shall have received training in conducting sex abuse investigations in confinement settings. Training shall include techniques for interviewing juvenile sexual abuse victims, proper use of Miranda and Garrity warnings, sexual abuse evidence collection in confinement settings, and the criteria and evidence required to substantiate a case for administrative action or prosecution referral, pursuant to YS Policy No. A.1.4.

The auditor reviewed annual training required by § 115.331 and NIC certificates for PREA: Investigating Sexual Abuse in a Confinement Setting. Training is accomplished through online training presented by the National Institute of Corrections. An interview with the BCCY Lead Investigator confirmed he has received the required training. He stated investigators undergo annual in-service training which includes conducting specific sexual abuse and harassment investigations and interviewing techniques specifically related to Sexual abuse. Specialized topics include techniques for interviewing juvenile sexual abuse victims; proper use of Miranda and Garrity warnings; sexual abuse evidence collection in confinement settings; and the criteria and evidence required to substantiate a case for administrative or prosecution referral. Investigators also are updated by the Jefferson Parish District Attorney's Office, as to any updates on specific laws or new information for a successful prosecution. The auditor reviewed training records for verification.

**115.371 (c)**
Policy states investigators shall gather and preserve direct and circumstantial evidence, including any available physical and DNA evidence and any available electronic monitoring data; shall interview alleged victims, suspected perpetrators, and witnesses; and shall review prior complaints and reports of sexual abuse involving the suspected perpetrator.

The BCCY Lead Investigator confirmed the first steps in initiating an investigation are making sure that if there is a scene that all evidence is protected and properly identified and secured. The timeline is consistent with the notification of the incident. After determining if there is a scene, they make sure that the youth involved have been evaluated. If necessary or depending...
on the type of abuse, the youth victim would be sent to Children's Hospital for an examination by a SANE nurse, to collect any type of DNA evidence from the victim. A video review of the alleged incident would take place. Phone calls from the particular dorm are checked for any corroborating evidence. Interviews of all parties present at the time of the alleged incident are conducted. This is to include youth and staff. The investigator assigned to the case collects and secures evidence to include clothing, DNA, or hair samples, to name a few. Part of the process is to check the history of all youth involved.

The auditor reviewed investigative reports for seventeen (17) allegations of sexual abuse and sexual harassment.

115.371 (d)
PAQ: The agency does not terminate an investigation solely because the source of the allegation recants the allegation.

Policy states the Agency shall not terminate an investigation solely because the source of the allegation recants the allegation.

The BCCY Lead Investigator confirmed an investigation would not be terminated solely because the source of the allegation recants the allegation.

115.371 (e)
Policy states when the quality of evidence appears to support criminal prosecution, the Agency shall conduct compelled interviews, only after consulting with prosecutors as to whether compelled interviews may be an obstacle for subsequent criminal prosecution as appropriate.

The BCCY Lead Investigator confirmed investigators consult with prosecutors before conducting compelled interviews.

115.371 (f)
Policy states the credibility of an alleged victim, suspect, or witness shall be assessed on an individual basis and shall not be determined by the person’s status as youth or staff. A youth who alleges sexual abuse shall not be compelled to submit to a polygraph examination or other truth-telling device as a condition for proceeding with the investigation of such an allegation.

The BCCY Lead Investigator confirmed investigators assume that the potential witness or victim is providing truthful information until evidence proves otherwise. Under no circumstances would an investigator require a resident who alleges sexual abuse to submit to a polygraph examination or truth telling device as a condition for proceeding with an investigation.

115.371 (g)
Policy states administrative investigations shall include an effort to determine whether staff actions or failures to act contributed to the abuse; and shall be documented in written reports that include a description of the physical and testimonial evidence, the reasoning behind credibility assessments, and investigative facts and findings.

When investigating administrative investigation all aspects of the investigation include the staff actions. All information specific to the actions of the staff that may have been a violation of policy are documented in written reports.

115.371 (h)
Policy states criminal investigations shall be documented in a written report that contains a thorough description of physical, testimonial, and documentary evidence and attaches copies of all documentary evidence where feasible.

The BCCY Lead Investigator confirmed investigations are documented. The reports are detailed and include all aspects of the investigation.

115.371 (i)
PAQ: Substantiated allegations of conduct that appear to be criminal are referred for prosecution.

The number of substantiated allegations of conduct that appear to be criminal that were referred for prosecution since the last PREA audit: Zero (0)

Policy states the Agency shall retain all written reports referenced in subparagraphs 7 and 8 of this section for as long as the alleged abuser is incarcerated or employed by the Agency, plus five (5) years, unless the abuse was committed by a youth and applicable law requires a shorter period of retention.
